Members of the Foundation are invited to attend the Monday 29th August section of the 2016 conference including the "I Am *Not* Drowning Seminar" (as an observer) in the afternoon, the Ireland Medal Ceremony, Survivors' Stories and the Hello Gathering.

A meeting of Foundation Members will be held at 4.30pm that afternoon which includes the launch of our Drowning Prevention Research Committee.

ALL ARE WELCOMED

Many Lifesaving Foundation members are published authors of books and research papers but all persons interested in drowning prevention are welcomed as full members. The new section will continue to have a search capability by Author's name, Year of Publication, and now by Key Word also. This members' only section aims to provide Lifesaving Foundation members with access to the latest drowning related research papers in one location.

All Lifesaving Foundation Members will receive a free copy of the full 2016 conference filmed presentation USB. This is a membership benefit. In addition to being able to attend on the first day of the conference members get to see and listen to all filmed presentations on the conference USB.
